9 in. O.C.

Gauge

29GA / 26GA

Length

3 ft - 44 ft

Why Board & Batten?

- Classic board-and-batten character with crisp vertical lines
- Perfect for accent walls, gables, and statement exteriors
- Traditional look, low-maintenance metal durability
- Designed to add depth, texture, and curb appeal

General Specs

Options	Available in 29ga and 26ga. Onsite portable machine
Profile	Custom-length steel sheets with 38 in. overall width
Rib spacing	9 in. O.C., available in 3 ft to 44 ft lengths.

Standard Colors (29GA)

Light Stone	Barn Red
Crimson	White
Terra Cotta Red	Copper Penny
Brown	Burnished Slate
Black	Forest Green
Ash Gray	Charcoal
Sky Blue	Clay

Also available in Acrylic Coated Galvalume (Acrylicume).

Applications

Use Board & Batten where you want a vertical siding look with stronger durability and lower maintenance than traditional wood-based exterior treatments.

Distinctive exterior character.

Board & Batten creates the depth and rhythm of a traditional vertical siding treatment while delivering the resilience of formed steel. It is especially well suited for feature areas that need visual contrast and architectural emphasis.

Ordering / field note

For long-run conditions, WV Metal can provide onsite portable machine capability when project lengths exceed 30 ft. Confirm trim coordination, color selection, and final field dimensions before ordering.
