Coverage <b>16 in.</b>	Catalog max length <b>32 ft</b>	Rib spacing <b>16 in. O.C.</b>	Install base <b>Solid decking</b>	Finish option <b>Acrylic Coated Galvalume</b>
---------------------------	------------------------------------	-----------------------------------	--------------------------------------	--

### Core Specifications

<b>Panel type</b>	Standing seam / concealed-fastener panel
<b>Coverage</b>	16 in. wide
<b>Length</b>	32 ft maximum on catalog page; portable onsite lengths
<b>Rib spacing</b>	16 in. on center
<b>Installation base</b>	Must be installed over solid decking
<b>Detail set</b>	Ridge, valley, rake, sidewall, end wall, drip edge shown in guide

### Recommended For

- Architectural roofing
- Cleaner long-run appearance
- Projects requiring solid-deck installation

### Specifier Notes

- Strong fit for premium residential and architectural projects where visual cleanliness matters.
- Installation guide specifically calls for solid decking and includes hemming / trim detailing.
- Verify panel length strategy early when planning long roof runs.

### Standard 29GA Stock Colors

Light Stone	Barn Red	Crimson
White	Terra Cotta Red	Copper Penny
Brown	Burnished Slate	Black
Forest Green	Ash Gray	Charcoal
Sky Blue	Clay	

Also available in Acrylic Coated Galvalume (Acrylicume). Color appearance may vary by screen and production batch.

Planning note: these sheets are intended as fast modern reference pages. Use the linked WV Metal installation guides, trim details, and current color chart during estimating, ordering, and final field coordination.
